

SILENT AUCTION 2012

September 29, 2012; 10 am – 4 pm
Bay State Green, Downtown Westborough

The Westborough Cultural Council requests your support in keeping the arts and humanities vibrant in Westborough. Our mission is to support the cultural enrichment and creative opportunities that provide diversity and availability to all residents of our town.

We are very pleased and excited to present the third annual Arts in Common festival, to be held September 29, 2012 on Bay State Green in Westborough. This free town-wide event invites the entire community to join together in a celebration of art, music, dance, food and fun! The day-long event will feature artists, musicians, performers and crafters from our local community.

We are soliciting diverse items for our Silent Auction at the festival. We will have signage to show the source of each donated article. Your contribution will help to make Arts in Common even more exciting.
